MEMORANDUM FOR: Chief, Production Services Division, NPIC

SUBJECT: Temporary Disposition of the 4" x 5"
Chip Processor

1. The 4" x 5" Chip Processor being fabricated under Contract [REDACTED], is due for delivery by 15 June 1965. This processor delivery is somewhat premature in that the Chip Printer it is to support will not be completed for approximately one year.

2. Arrangements have been made to install the chip processor in our cleanroom facility at [REDACTED] to allow them to use it under the Processor Development Program [REDACTED] until such time as delivery of the chip printer is accomplished. Your concurrence on this action is requested.
